
DANA SPANJER

PROFESSIONAL HISTORY

- April 2008 - present: Environmental Specialist/Geologist, AATA International, Inc., Fort Collins, Colorado
- 2007 - 2008: Geologist, Daub and Associates, Inc. Grand Junction, Colorado
- 2005-2007: Watershed intern, Montana Department of Natural Resources and Conservation, Missoula, Montana

EDUCATION

- Bachelor of Science, Geology, University of Montana, Missoula, Montana

REPRESENTATIVE PROJECT EXPERIENCE

Alzada Project, Bayswater Uranium Corporation, Montana – Tasks have included wireline log analysis and interpretation. Additional tasks included involvement with the construction and population of an Access database with historical mining data, development of graphic user interfaces for database population, and modeling geologic concepts in RockWorks™.

Doornod Project, Khan Resources, Mongolia- Tasks including writing ESIA baseline conditions, impacts and mitigation sections on ground water, ground water quality, soil and sediment as well as soil and sediment chemistry.

Meeting/Workshop/Field Trip Attendance

RockWorks™ training course for geologic modeling in Denver Colorado, 2008.
